AHC51524 Diploma of Viticulture
(was AHC51519)

Following strategic revisions of the AHC Training Package by unit sector, several qualifications and skill sets require updating to include the improved units.

Skills Insight is seeking comment from those who may be impacted by the replacement of the units so that disruptions can be minimised. These updates are not to change the intent of the qualifications, simply to include units already consulted on with stakeholders to better meet skills needs.

Below is an updated version of Diploma of Viticulture as well as a summary of the updates made to units within it.

This document provides a list of units of competency to be updated in this qualification and includes notes on changes between the current and updated units. Other units are not included as they don't need to be changed.

Acronyms:

E – Equivalent

NE - Not Equivalent

PC – Performance Criteria

PE – Performance Evidence

KE – Knowledge Evidence

AC – Assessment Conditions

AHC - Agriculture, Horticulture and Conservation and Land Management Training Package

Key:

Superseded units / recommended replacements

New unit

Proposed deletion - deleted units/units proposed for deletion

Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 10.0.

AHC51524	**Diploma of Viticulture**

Qualification Description

This qualification describes the skills and knowledge of those in management roles within the viticulture industry.

Individuals with this qualification will take personal responsibility and exercise autonomy in undertaking complex work. They must analyse information and exercise judgement to complete a range of advanced skilled activities.

Work must comply with work health and safety and environmental regulations and legislation that apply to the workplace.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To achieve this qualification, competency must be demonstrated in:

- 10 units of competency:
    - 6 core units plus
    - 4 elective units.

Elective units must ensure the integrity of the qualification's Australian Qualification Framework (AQF) alignment and contribute to a valid, industry-supported vocational outcome. The electives are to be chosen as follows:

- 2 must be from the electives listed below
- 2 from the remaining electives listed below, or any currently endorsed Training Package or accredited course.

Core Units

AHCBAC509	Plan and manage long-term weed, pest and disease control in crops
AHCBIO303	Apply biosecurity measures
AHCBUS511	Manage enterprise staff requirements
AHCPHT508	Develop a grape production plan
AHCSOL505	Monitor and manage soils for production
AHCWAT503	Manage water systems
AHCBAC509	Plan and manage long-term weed, pest and disease control in crops

Elective Units

AHCBER503	Manage active operational emergency disease or pest sites
AHCBIO301	Identify and report signs of unusual disease or pest
AHCBUS513	Market products and services
AHCBUS514	Negotiate and monitor contracts
AHCBUS515	Prepare estimates, quotes and tenders
AHCBUS516	Develop and review a business plan
AHCBUS518	Prepare and monitor budgets and financial reports
AHCCHM501	Develop and manage a chemical use strategy
AHCMOM311	Operate precision control technology
AHCMOM501	Manage machinery and equipment
AHCMOM502	Implement a machinery management system
AHCORG514	Develop an organic or biodynamic management plan

AHCORG509	Prepare and manage organic or biodynamic certification
AHCPCM507	Diagnose plant health problems
AHCPHT507	Evaluate grapes for production
AHCPHT509	Evaluate wine
AHCPHT510	Manage a wine making process
AHCWHS503	Manage workplace health and safety processes
AHCWRK521	Plan, implement and review a quality assurance program
TLIL5019	Implement and monitor transport logistics
TLIR4002	Source goods/services and evaluate contractors
