

# AHCSS00170 Business Skills For Sports Turf Management Skill Set

(was AHCSS00089)

Following strategic revisions of the AHC Training Package by unit sector, several qualifications and skill sets require updating to include the improved units.

Broad consultation phase has resulted in the additional change to the skill set:

- AHCWHS401 Maintain work health and Safety Processes to be replaced with AHCWHS503 Manage workplace health and safety processes

The skill set equivalency status has now been confirmed. As the updated unit is not equivalent, the skill set has been deemed not equivalent.

We are now seeking final validation of this skill set. To validate, please use the survey link on the project webpage.

The units of competency updated in this skill set are highlighted, please see notes on changes between the current and updated units at the end of this document for more information.
