

AHCSS00187 Mined Land Rehabilitation Field Worker Skill Set

(was AHCSS00124)

Following strategic revisions of the AHC Training Package by unit sector, several qualifications and skill sets required updating to include the improved units.

Feedback from the recent consultation phase has not resulted in any further changes to this skill set.

The skill set equivalency status has now been added. Due to the equivalency changes of the units, the skill set has been deemed not equivalent.

We are now seeking final validation of this skill set. To validate, please use the survey link on the project webpage.

The units of competency updated in this skill set are highlighted, please see notes on changes between the current and updated units at the end of this document for more information.

Modification History

Release	Comments
