

WHAT IS A Training Package?

Why are they important?

Training packages contain national skills standards, aligned to job roles across an industry

They help deliver...

Development, training, assessment

Productivity

Safety for workers and the public

A training package is comprised of

Units of Competency

A work function

Are building blocks for skill sets and qualifications

Example: TLIS2035 Install and repair fences and gates

Skill Set

A specialist industry need or regulatory/licence requirement

Approx. 2-7 units, can provide potential pathway towards a qualification

Example: AHCSS00160 Recognise Aboriginal Cultural Sites Skill Set

Qualifications

A job role

Approx. 13-30 units

Example: AHC30122 Certificate III in Agriculture (Dairy Production)

Training packages also include companion volumes to assist with implementation of units, qualifications and skill sets.

Training Packages are used in

Registered Training Organisations

Formal training and assessment

Workplaces

Informal on-the-job learning and assessment
