**Packaging Rules**

To achieve this qualification, competency must be demonstrated in:

- 17 units of competency
  - 6 core units plus
  - 11 elective units.

Elective units must ensure the integrity of the qualification’s Australian Qualification Framework (AQF) alignment and contribute to a valid, industry-supported vocational outcome. Any combination of electives that meets the packaging rules can be selected for the award of the Certificate III in Protected Horticulture.

Where appropriate, electives may be packaged to provide a qualification with a specialisation area as follows:

- At least 3 electives must be selected from Group A for the award of the Certificate III in Protected Horticulture (Picking)
- At least 3 electives must be selected from Group B for the award of the Certificate III in Protected Horticulture (Packing)
- At least 3 electives must be selected from Group C for the award of the Certificate III in Protected Horticulture (Crop Work)
- At least 3 electives must be selected from Group D for the award of the Certificate III in Protected Horticulture (Nursery)
- 5 units not already selected must be from groups A, B, C, D or E
- the remaining 3 units must be selected from electives listed in groups A, B, C, D or E or any currently endorsed Training Package or accredited course.

Where a specialisation area is not sought, the electives are to be chosen as follows:

- 8 units must be from groups A, B, C, D or E
- the remaining 3 units must be selected from the electives listed in groups A, B, C, D or E or any currently endorsed Training Package or accredited course.
