Release 1	This version released with AHC Agriculture, Horticulture, Conservation and Land Management Training Package Release 9.0.

AHC42122	Certificate IV in Permaculture
<p>Qualification Description</p> <p>This qualification describes the skills and knowledge for a range of skilled jobs in permaculture, including permaculture project supervisors and designers who may be involved in supervising individuals and teams of people on urban and rural work sites and community projects.</p> <p>In these roles they plan, design and work within integrated living systems. They require a wide range of knowledge about permaculture's multi-disciplinary systems based approach and how to work with nature's processes and ecology to provide for our needs,</p> <p>No licensing, legislative or certification requirements apply to this qualification at the time of publication.</p>	
<p>Entry Requirements</p> <p>There are no entry requirements for this qualification.</p>	

Key:

[Unit currently under review in the Livestock Operations project](#)

[Unit currently under review in the Shearing and Wool project](#)

[Unit currently under review and proposed for deletion](#)

Packaging Rules

To achieve this qualification, competency must be demonstrated in:

- 12 units of competency
 - 5 core units plus
 - 7 elective units.

Elective units must ensure the integrity of the qualification's Australian Qualification Framework (AQF) alignment and contribute to a valid, industry-supported vocational outcome. The electives are to be chosen as follows:

- at least 1 unit must be selected from the electives in Group A
- up to 4 units from the electives in Group A or B
- remaining 2 units from electives in Group B or C or from this or any other endorsed Training Package or accredited course.

AHCPER415	Plan and implement permaculture works
AHCPER417	Investigate and recommend species for a permaculture system
AHCPER418	Provide advice on permaculture principles and practices
AHCPER421	Select appropriate technology for a permaculture system
AHCPER422	Identify and analyse bioregional characteristics and resources

Elective Units

Group A

AHCPER419	Design a rural permaculture system
AHCPER420	Design an urban permaculture system

Group B

AHCLSK4X03	Implement and monitor animal welfare programs
AHCPER324	Establish a permaculture system
AHCPER416	Manage a seed bank
AHCPER423	Design harvesting and storage systems for permaculture products
AHCPER424	Recommend approaches for sustainable community and bioregional development
AHCPER425	Operate within a sustainable community and bioregional development program

Group C

AHCBUS407	Cost a project
AHCBUS408	Operate within a budget framework
AHCIRG444	Manage irrigation systems
AHCORG410	Manage organic livestock production
AHCORG411	Manage organic soil improvement
AHCORG412	Arrange selling through community based marketing
AHCSAW402	Set out conservation earthworks
AHCSOL407	Develop a soil use map for a property
AHCWRK406	Develop community networks
TAEDEL311	Provide work skill instruction

Pre-requisite Units

Nil
