

FurnishingWorks, a part of ForestWorks, is providing support for the management of this JSC project as part of their collaborative partnership with Skills Insight.

Window Furnishing and Shade Sails summary of proposed changes

DRAFT 2 AUGUST 2025

Key to qualification/skill set/unit outcomes.

Major change (new code) - This component is proposed to be updated, with a new code

Split - This unit is being proposed to be split to form two units

Minor change (same code) - This unit is proposed to be updated with very minor changes.

Newly created unit

Deleted - This component is proposed for deletion

Summary of proposed changes to draft Qualification

Current qualification code on TGA	Current qualification Title on TGA	Temporary new qualification code	Proposed new qualification title	Qualification outcome	Summary of Changes at Broad Consultation 1	Summary of Changes at Broad Consultation 2
MSF30919	Certificate III in Blinds, Awnings, Security Screens and Grilles	MSF30925	Certificate III Shading and Security Screens	Major change	<p>Qualification title: Updated to better reflect diversity of industry and remove dated language</p> <p>Qualification description: Updated to reflect current format and include specialisations. Removal of dated language and incorporate more specific products (e.g. louvre shutters and curtains). Added statement</p>	<p>Core units: Addition of MSFGN3004 Resolve quality and compliance issues (adjustment of packaging rules to 9 core, 15 elective).</p> <p>Elective Group B (Manufacturing): Addition of new units MSFBAA3X15 Assemble venetian</p>

Summary of changes made during development phase – Window Furnishing and Shade Sails – August 2025

FurnishingWorks, a part of ForestWorks, is providing support for the management of this JSC project as part of their collaborative partnership with Skills Insight.

				<p>reflecting requirement of construction induction for installers working on construction sites or performing work deemed construction work.</p> <p>Packaging rules: Updated to reflect new stream of “security products” and remove “estimating detailing” to maintain trade focus of qualification.</p> <p>Core units: Updated codes and titles to reflect superseded units. Increased units to reflect competencies required across the industry and both shading and security sectors and to reflect a stronger approach to safety, sustainability, communications and teamwork. New unit identified for product knowledge due to previous unit superseding and becoming non-equivalent and no longer relevant to the industry.</p> <p>Elective units: Updated to reflect current units (removal/replacement of superseded and deleted units) additional units imported from other qualifications within the package that reflect skills required, in particular for curtain making and installation, using industry-specific static machines and to include units required for licensing in some states/territories as general electives to allow them to be</p>	<p>blinds, MSFBAA3X12 Assemble roller blinds, MSFBAA3X13 Assemble vertical blinds and MSFBAA3X14 Assemble pleated blinds</p> <p>Elective Group C (Installation): Addition of MSFGN3003 Advise customers on products and services and MSFBAA3X18 Install curtains</p> <p>Elective Group E (General): Addition of CPCCCM2008 Erect and dismantle restricted height scaffolding, SIRXSLS001 Sell to the retail customer and MSFSF3017 Measure up and calculate fabric quantities for window coverings</p> <p>Overall updates to unit codes and titles for units updated in this phase.</p>
